FINE BONE CHINA

MEMENTO FINE BONE CHINA BY RENE OZORIO

“Bone China is a medium which expresses all the superlatives in tableware. Super strength and durability while still giving the designer the luxury of beautifully refined shapes and a richness in colour. The weightlessness of the pieces and the refined definition speak of elegance and modernity at the same time.” — Rene Ozorio

Take your dining experience to a whole new level with the Memento Collection by Rene Ozorio. With the finesse of traditional English Bone China, it is light in weight with a subtle creamy look that speaks of quality and elegance, while the 47% bone ash assures durability and strength. A collection of simple yet elegant forms that speak of modern day classics, both for Asian and Western cuisine. Memento represents fine dining in modern shapes and is a truly contemporary approach to food presentation.

PARTNERS IN DESIGN

Rene Ozorio has a long history of design experience, having been the designer of porcelain tableware concepts for Bernadaud and J L Coquet along with his own brand “Rene Ozorio.” With his vision and expertise, he led the tabletop design for the Shangri-La Hotels international refurbishment.

His work extends to retail as well having created highly successful dinnerware lines for major international retail companies like Crate & Barrel (US), Marks & Spencer (UK), and Alinea (France). His background and experience earned him interior design consultancy opportunities with a number of top hotel chains including The Mandarin Oriental, The Four Seasons, The Peninsula and Le Meridien Groups.

“I have been involved in product design since 2001, created retail and hospitality products for global distribution. The product areas I have worked in are tableware – porcelain, bone china, ceramic, stainless steel, glass and textile.

In relation to my work as Interior Designer, I have also designed and produced furniture for hotel and restaurant projects.” — Rene Ozorio

highly durable & lightweight design

Highly durable in strength with a lightweight design, this traditional English-style bone china contains 47% natural bone ash content and features a full Asian offering, as well as classic shapes, that will suit a high end dining presentation. Memento's simple, yet exquisite design features a brilliant glaze on a creamy white body, which lends itself to a product that will stay looking new for a lifetime.
